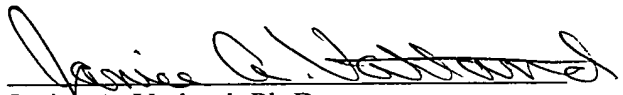
Interview Summary

Applicant would like to thank Examiners Sitton and Shukla for conducting an interview with Applicant's representative. During the interview, the Restriction Requirement was discussed and clarification was provided in regard to the treatment of the linking claims in light of the requirement to elect a particular polymorphism or haplotype and sequence. The Examiners indicated that if a linking claim is found to be allowable, the restriction between the specific polymorphisms, haplotypes and sequences of CRHR1 would be withdrawn.

Having made this election, Applicant expressly reserves the right to file one or more continuing applications on the subject matter of the non-elected claims.

Respectfully submitted,



Janice A. Vatland, Ph.D.
